Description

Alcock drill bits are manufactured from M35 grade HSS including 5% cobalt, this high-grade material offers superior drilling performance and durability. Each drill bit features precision-ground flutes and a 135° cutting point angle, which is ideal for drilling in tougher materials while enhancing longevity and performance. The morse taper shank ensures positive driving for heavy duty drilling & is supplied with a tang for easy ejection making it an ideal choice for any workshop.

Features

- M35 Grade HSS including 5% Cobalt
- Precision ground flutes
- 135° cutting point for drilling steels and tough materials
- Morse taper shank with tang
- Manufactured to DIN 345 Standard
- Bronze oxide finish to reduce friction
- Supplied in a protective tube
