Order Code:	P1400
Suits Presses (Model):	HPT-30P, HPM-30 & HP-45P

Description

The AFC1 air operated foot control transforms your hand operated pneumatic press to a foot operated press, thus leaving both of your hands free to handle, stabilize & line up your workpiece more accurately under the pressing ram.

Simply connect your existing air hose from your press in the rear of the foot pedal and then connect you air supply to the the quick link hose adaptor, then just press pedal to operate press ram.
