Description

Clear Full Face Helmet with Complete respirator package.

Unlimited clear view of your workspace, filtered and clear air with adjustable air distribution make the Clearmaxx the unique face and respiratory protection system with the highest safety level. Combining it with the Optrel e3000X PAPR system with mountain breeze filter the Clearmaxx becomes the perfect partner for a variety of tasks

Features

- Adjustable Air Distribution:
 - A rotary switch can be used to feed 20% of the air cooling the forehead area. Direct air draft crossing the eyes leading to dry eyes is avoided by the air distribution system
- Multi Function System
- Combining it with the optrel e3000 PAPR system with mountain breeze filter the clearmaxx becomes the perfect buddy on countless types of work. The easy-to-change DIN5 front cover lens expands the system to the perfect protector for efficient plasma cutting
- Wearing Comfort
 - Thanks to a minimized weight of only 330g (PAPR version: 495 g) and an ergonomic fit the clearmaxx sets new benchmarks in wearing comfort
- The new e3000X PAPR System
 - The respiratory system for a maximum of safety
 - The new league for fresh air and breathing protection
 - Integrated Particle Filter of the highest Safety Class (TH3)
 - Protects reliably from Smoke, Aerosols, and Dust
 - Ready for A1B1E1 gas filter
 - Integrated, automatic air flow control and calibration
 - Expendable with mountain breeze odor filter
